### **Frank Grimaldi – President, Amalgamated Transit Union Local 113**

Frank Grimaldi is the elected President of Amalgamated Transit Union (ATU) Local 113 – the union that represents the 11,000 women and men who are proud to maintain and operate the Toronto Transit Commission (TTC). Frank's extensive experience in transportation dates to the 1970s, shortly after he arrived to Canada from Italy.

Frank's career at the TTC began in 1990 when he was a bus driver within the Arrow Road Division. Over the next 28 years, he was elected seven times to different positions with ATU Local 113, including the Safety Committee, as a Shop Steward, on the Executive Board and finally, as President, in October 2017.

All of these roles have given Frank a unique perspective and deep understanding of the TTC, the union and most importantly - the needs of ATU Local 113 members.

Frank has a strong vision for ATU Local 113 – where members are unified, standing together to strengthen and protect the public transit system from privatization. Under Frank's presidency, ATU Local 113 will never stop advocating for a safe and clean workplace and wage and pension fairness for active and retired members.

Over his distinguished career at ATU Local 113, Frank has many significant accomplishments, most notably protecting our pension plan. Frank has also overseen the exponential growth of the union's membership.

Frank is tireless in his efforts for ATU Local 113. He loves to chat and meet with members. He especially looks forward to the annual retirement party, where he can celebrate with his Sisters and Brothers the service and achievements of ATU Local 113 members. He also enjoys attending the charity hockey game where members play against former NHL players for a good cause.
