Amalgamated Transit Union Local 113

The Amalgamated Transit Union (ATU) Local 113 is the proud Union of nearly 12,000 public transit workers in Toronto and the York Region, and over 5,500 retirees. Our men and women operate and maintain North America's third largest public transit system: the Toronto Transit Commission. In the York Region, we are the transit operators of Transdev Canada.

Our members are highly skilled bus, streetcar, wheel-trans and subway operators, collectors, cleaning staff and maintenance workers with hundreds of specialties. Our members reflect the cultural diversity of our riders, a large and growing proportion are immigrants from over 70 countries.

We are the most democratic Union in North America. We elect all Officers, Executive Board Members, Shop Stewards and Safety Representatives every three years.
