

JUNE IS INDIGENOUS HERITAGE MONTH

YOU ARE ON TURTLE ISLAND

Turtle Island is a term used by Algonquian and Iroquoian-speaking Indigenous peoples to refer to the continent. It holds deep spiritual significance, representing beliefs about creation and encompassing identity, culture, autonomy, and environmental respect. Efforts to reclaim traditional names and promote Indigenous place names are underway, challenging the anglicization of the continent's name and honoring Indigenous perspectives.

ATU Local 113 celebrates the ancestry, culture, and contributions of our Indigenous members during Indigenous Heritage Month. We can create a society that is understanding, respectful, and empowering by standing together in solidarity.
