ATU 113 MEMBER SURVEY on Subway Service & Maintenance

How The TTC Can Make Subways Better

We want to hear from YOU!

We are looking for your feedback on subway operations, safety, maintenance, service, and other improvements you would like to see.

Transit workers are the eyes and ears of our city. As ATU 113 members, we have insight into our city's transit system and can help shape its future.

Local 113 has advocated strongly over the past few years for better transit for riders and workers and will continue these efforts. The City and the TTC have heard us and are making real investments in the City's budget to help improve public transit – with more service for transit riders and more jobs for transit workers. We want to ensure your insights are shared with them, so they understand what needs to be fixed and how to do it.

How to participate:

- The online survey will only take a few minutes to complete.
- Scan the QR code here to complete the survey:
- **Deadline: January 31, 2025**
