Women's Committee

International Women's Day

Celebrating Women Across ATU Local 113

Every year on March 8th, we celebrate International Women's Day to commemorate the pursuit of equality, women's rights, and impactful representation.

Our ATU Local 113 Women's Committee is composed of elected women from both transportation and maintenance. Our mission is to highlight the challenges that women face in the work force and everyday life through education, support, community engagement and to advocate for greater opportunities that effect change - particularly in leadership, mentorship, and apprenticeship roles.

To honour our commitment to improving visibility and addressing barriers for women in our industry, ATU 113 Women's Committee are proud to feature our female members from various sectors across the property in recognition of International Women's Day.
